SIS30115 Certificate III in Sport and Recreation (Aquatics Focus)

General Information

- 15 Units - all assessments must be completed during 2018
- Completion of Austswim Teacher of Swimming and Water Safety
- Manea Senior College is the only school in Western Australia who is currently offering the Certificate III in Sport and Recreation with an Aquatics focus.

TEACHER: Kylie Glancy

Email; kylie.glancy@education.wa.edu.au

What to Bring;

- Each of the fifteen units has a different focus. Due to this there are no set Practical/Theory periods like General Physical Education Studies. Instead you will receive a short term program at regular intervals. This program will give you information about the equipment needed for each lesson.
- For the practical components of the course student will need;
 - Swimming goggles and suitable bathers for teaching (Chlorine Resistant bathers and rash vests are recommended)
 - Manea Physical Education Polo Shirt and Black shorts/tracksuit pants for non-aquatic activity.
 - In Semester One the practical component of the course will focus on Aquatics. In Semester two the focus will be coaching primary school Age children in a variety of contexts.
- For Theory components there is no text book. You will receive a display file and notebook to complete/store course work. All assessment pieces will be kept by the teacher as a record of completion of each unit.

Attendance

- Assessments in a VET course are numerous and in many cases hard to replicate. If a student is absent without a medical certificate during some assessments, they may need to seek another option for assessment at their own cost. An example of this would be the First Aid and Austswim units.

Work Placement

- There is NO work placement requirement for this certificate, however, to complete the Austswim Teacher of Swimming and Water Safety Certificate students will need to complete 'On the Job Training' with a registered swim school (private or education department) until they are deemed competent. It will be up to individual students to organise and complete their OWN practical training at a venue and time that suits their needs.
- The hours completed doing 'On the Job Training' can be logged and submitted to Jo Littleton at Manea Senior College to go towards receive work placement accreditation for graduation.
