- These 75+ scores in 2016 came from a range of subjects:
 - Accounting and Finance
 - Applied Information Technology
 - Biology
 - Design
 - Chemistry
 - English
 - Human Biology
 - Literature
 - Maths Applications
 - Maths Methods
 - Music
 - Photography
 - Physics

- Manea had some of the highest performing students in Year 12 ATAR courses for Chemistry and English in 2016 (*Based on the percentage of students at each school who had Year 12 ATAR course combined scores in the top 15% of all students in that course*).
- First Mark Second Mark Analysis – *the percentage of students studying a course who used their final result as one of their top 2 ATAR scores, thereby lifting their ATAR result:*

Course	Percentage
Literature	100%
English	85%
Design	71%
Physics	44%
Maths Applications	43%
Maths Specialist	43%

A significant result for this depends on the number of courses that students study; if most students study 5 examined courses then a result of at least 45-50% would be a strong result.

Attendance

Manea student attendance data was above like schools and public schools across WA. An area of notable success in 2016 was the significantly low number of students with moderate to severe attendance issues (60 – 80% attendance).
